Maclean High School NSW

"Students were amazed, interested, involved & awed. They had fun, they learnt & they are still a week later talking about it." (Yr 9 & 10)

Ballarat Secondary College VIC

"I have not seen two whole grade groups so engaged and focused in all my time at this school. There was a lot of lively discussion of the presentation in the lessons that followed. She motivated the students in a way I have not seen before – hanging on every word and action. Her message was clear and easy for all students to grasp. Many of the students have referred to her book as a follow up as they prepare their own presentations." (Yr 9 & 10)

"Students were totally enthusiastic. They were enthralled from start to finish." (Yr 10-12)
